

# Child Care in Asotin County

July 2023

Statewide during the past 12 years, Washington has gained over 15,000 slots and decreased by 2,300 providers. The increases in capacity are a result of more family child care closures and larger centers opening. Since 2022, Washington has seen an increase of 400 family child care programs and 70 centers. Current gains in providers are encouraging, however we have significantly less providers than 12 years ago. The trend of less providers and more capacity being available at large centers has contributed to child care deserts, as the number of child care locations has decreased. Moreover, communities across the state have experienced differential outcomes in child care availability as some areas experienced greater child care decreases and in some cases lowered capacity.

## Child Care Aware of Washington

Child Care Aware of Washington provides thorough and independent information and support:

- For families seeking quality child care
- For child care programs seeking to improve quality
- For effective policymaking

Since 1989, our regional member programs and statewide Family Center have enhanced the quality of child care and helped families by:

- Delivering training, technical assistance, & consultation to child care providers
- Supplying families with consumer education & referrals for child care

In Asotin County, the number of child care providers has stayed the same from 10 with capacity for 493 children in 2018, to 10 providers with capacity for 483 children in June of 2023.\*
