

# Child Care in Pend Oreille County

September 2024

Since 2012, Washington has gained over 24,000 slots and decreased by over 1,400 licensed providers. The increases in capacity are a result of more family child care closures and larger centers opening. Since 2022, Washington has seen an increase of over 500 family child care programs and 80 centers. While these current gains in providers are encouraging, Washington still has significantly fewer providers than it did 12 years ago. The trend of less providers and more capacity being available at large centers has contributed to child care deserts, as the number of child care locations has decreased. Additionally, communities across the state have experienced varied outcomes in child care availability, with some areas seeing greater decreases in child care options and reduced capacity.

## Child Care Aware of Washington

Child Care Aware of Washington provides thorough and independent information and support:

- For families seeking quality child care
- For child care programs seeking to improve quality
  - For effective policymaking

Since 1989, our regional member programs and statewide Family Center have enhanced the quality of child care and helped families by:

- Delivering training, technical assistance, & consultation to child care providers
- Supplying families with consumer education & referrals for child care

In Pend Oreille County, the number of child care providers has increased from 2 with capacity for 107 children in 2019, to 3 providers with capacity for 147 children in June of 2024.\*
